

Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

The Lead Agency for developing the One-Year Annual Action Plan is the City of Sumter. The direct responsibility has been delegated to the Community Development Department. Consultation and coordination with area agencies, organizations, citizens, low-income citizens, especially the homeless, elderly, handicapped and disabled was intentional. The City made an effort to broaden public participation by advertising the public meetings and public hearings, and by holding these meetings at a time convenient for working and non-working people. The location of these meetings was central to where people usually gather for other activities.

The plan is built around a strong institutional structure that has been in place for decades. The City pledges its support in maintaining files for periodic monitoring and as an internal measuring stick, provides an annual monitoring itself in the form of the CAPER – Comprehensive Annual Performance and Evaluation Report. Home Ownership is an important part of the Community Development Department's initiative. Prospective homeowners will be encouraged to pursue the American Dream through the City's Affordable Housing Program. This program has a Housing Counseling component as well as a post-home buyer follow-up program. HOME funds are used to provide subsidies that close the gap between income and the cost of housing. There are many income barriers to successful homeownership. The City hopes to tear down some of these barriers with training and orientation regarding credit issues and proper planning and budgeting for successful homeownership and retention. Homeless prevention is one of the City's greatest challenges. Many homeless persons are accustomed to a certain lifestyle -- living on the street. Obtaining and maintaining a permanent residence has to be a process. Through the Eastern Carolina Homelessness Organization the City will work with member agencies to obtain funds for a continuum of care for the Sumter area that will be large enough to serve a large number of homeless individuals and families with children. It may take some time for this to come to fruition; however, it will materialize in the not too distant future. The Economic Development component of the Community Development Department encompasses a wide range of initiatives. Money circulates throughout the community for insurance on new homes, taxes on repaired and new homes, and labor and materials for construction and repair of homes for LMI citizens, permit fees from contractors, hotel/motel accommodation for contractors and their workers plus food. The same can be said for Downtown Revitalization, Street Paving and Drainage and other projects. The Anti-Poverty Strategy is an effort embedded in everything we do. Other agencies assist with implementation of programs such as Early Head Start, Regular Head Start, Success-By-Six, First steps, Youth Build and others. All of these programs have life skill components that cater to the entire family. Generations to

come will benefit from the services, training and follow-through provided by these and other such programs.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City of Sumter conducts a variety of city-wide and neighborhood-specific housing and community development activities that benefit low and moderate income households using federal, state and local resources. The City combines its HOME funds annually with local resources to create the Affordable Housing Investment Fund. These funds are used citywide for new construction, acquisition and/or rehabilitation projects to preserve and improve the supply of affordable housing. The City of Sumter uses the majority of its CDBG funds for “direct benefit” housing rehabilitation and community development activities that are limited to low and moderate income residents citywide.

For more than 15 years, the City has concentrated a portion of its CDBG funds in Neighborhood Revitalization Strategy Areas (Sumter NRSA Map inserted in plan) showing the greatest needs and opportunities for revitalization, as determined by income and other socio-economic criteria and trends. NRSA designation is limited to areas where at least 51% of the residents are low and moderate income, making the areas eligible under Federal regulations for “area benefit” CDBG activities. The City uses over 75% of its annual CDBG funds on “area benefit” activities in its Neighborhood Revitalization Strategy Area (NRSA). Additionally, about 15% of the annual allocation is made to public service activities that serve residents of the NRAs. Other programs funded by the Columbia-Sumter Empowerment Zone, such as employment training will be available to NRA residents as well as low income persons City wide.

The City of Sumter NRA includes four census tracts, 11, 16, 13, and 15.

As reflected in US Census Bureau, Census 2010, several areas of minority concentration existed in the City NRA in 2010. Particularly high concentrations of African-Americans were found in all locations: 91% Census tract 16, 98% Census tract 15, 82% Census tract 13, and 66.8% Census tract

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

Summary from citizen participation section of plan.

Guided by the Citizens Participation Plan, staff from the Community Development Office conducted outreach through a series of public meetings, public hearings, phone calls and mailings. Staff held meetings at the three HOPE Centers and the South Sumter Resource Center. Many homeless persons congregate in the southern part of the city; however, only a few showed for the meetings this year. Input from them is included in the Five-Year Consolidated Plan, as well as the Annual Action Plan.

The City of Sumter Housing Authority assisted with the development of the plan by sharing information from their Annual Action Plan and providing their residents with information about the services of the City's Community Development Department. They included public housing residents in the development process by disseminating information, providing notification of public meetings and public hearings and encouraging resident participation. The Citizen Participation Plan also provides an opportunity for interpreters for non-English speaking persons if the number of potential beneficiaries exceeds 10%. Currently the number is below 10%. However, the Community Development Department

staff has the names, addresses and telephone numbers of two Spanish-speaking persons who will to assist with interpretation at meetings when needed. Staff has met and talked with these persons.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

The citizens expressed interest in better drainage system, street paving, demolition and code enforcement. More specific needs are attached to this document.

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments were accepted

7. Summary

The staff advertised the community meetings in advance through local media and churches. Flyers were placed in public places where some citizens who are low-income congregate. All service agencies were invited to have their clientele participate in the meetings. The locations of meetings were at the HOPE Centers that are located in the central parts of the City and the South Sumter Resource Center on the south side of town.

Narrative

The City of Sumter carries out federal programs administered by the U.S. Department of Housing and Urban Development. The Consolidated Plan is the document that Sumter County collaboratively with City of Sumter submits to the U.S. Department of Housing and Urban Development (HUD) as an application for funding for the following program:

- Community Development Block Grant (CDBG) - City of Sumter
- HOME Investment Partnership Program (HOME) - Sumter County - Lead Agency

2. The jurisdiction met with and consulted with several agencies, organizations and community groups in preparation of this plan. Low income citizens were invited to all meetings and public hearings. Persons who are HIV/AIDS positive were not excluded from the planning

process, nor were the elderly, handicapped and disabled. Four community meetings were held to provide citizens' input into the planning process.

3. The City of Sumter will continue to participate in the Interagency Monthly Meetings. These meetings provide an opportunity for persons to become familiar with program and services that are in the area for low-moderate-income persons. This is a place where most of the service agencies, including some health care providers, housing providers, and Public Housing Authority representatives meet and share information and ideas about services and care to low-income, special needs and the elderly, including HIV/AIDS victims.

The City will continue to work closely with the Housing Authority to make information available to its residents on Fair Housing issues and tenant's rights and responsibilities. Affordable Housing opportunities and credit counseling along will continue to be included in the curriculum the City will share with the residents.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

Guided by the Citizens Participation Plan, staff from the Community Development office conducted outreach through a series of public meetings, public hearings, phone calls and mailings. Staff also visited two homeless sites where they congregate to eat and fellowship. As part of these efforts, low and moderate income was encouraged to provide input on the development of this plan.

The City of Sumter consulted with other public and private agencies to identify and prioritize community needs, develop strategies and action plans, identify community resources and promote the coordination of resources. The following agencies were consulted as part of this process:

Santee Lynches Council of Governments

Santee Lynches Community Development Corporation

Sumter County Community Development Corporation

Wateree Community Actions Trans-Aid Homeless Initiative

Wateree District Health Department

Wateree Community Actions, Inc.

City of Sumter Housing Authority

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Homeless prevention is one of the City's greatest challenges. Many homeless persons are accustomed to a certain lifestyle -- living on the street. Obtaining and maintaining a permanent residence has to be a process. Through the Eastern Carolina Homelessness Organization (ECHO) the City will work with member agencies to obtain funds for a continuum of care for the Sumter area that will be large enough to serve a large number of homeless individuals and families with children. The City has made progress in this area for HIV/AIDS homeless citizens through the agency Empowered Personal Care Home Health Alliance Inc.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate

outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Federal funds of \$24,500 for United Ministries minor rehab is match private funds from local churches within the jurisdiction which normally is a 3 to 1 match so for every one dollar of federal funds it is match by three dollars of private local church funds. Additionally, qualified church members provides free labor for the minor repair projects.

For the Youth Program allotted \$43,346.00, local businesses pays half of the 40 youth hired and Federal funds are used to pay the other half of the minimum wage salary of youth hired.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The jurisdiction current lease out on a yearly basis for \$1 annually public owned property to Emanuel Soup Kitchen for feeding of the Homeless, United Ministries for financially assisting LMI citizen with needs and providing free medical service for LMI citizens--along with providing a bedding facility for the homeless.

Discussion

The City of Sumter conducts a variety of city-wide and neighborhood-specific housing and community development activities that benefit low and moderate income households using federal, state and local resources. The City combines its HOME funds annually with local resources to create the Affordable Housing Investment Fund. These funds are used citywide for new construction, acquisition and/or rehabilitation projects to preserve and improve the supply of affordable housing. The City of Sumter uses the majority of its CDBG funds for "direct benefit" housing rehabilitation and community development activities that are limited to low and moderate income residents citywide.

For more than 15 years, the City has concentrated a portion of its CDBG funds in Neighborhood Revitalization Strategy Areas (Sumter NRSA Map inserted in plan) showing the greatest needs and opportunities for revitalization, as determined by income and other socio-economic criteria and trends. NRSA designation is limited to areas where at least 51% of the residents are low and moderate income, making the areas eligible under Federal regulations for “area benefit” CDBG activities. The City uses over 80% of its annual CDBG funds on “area benefit” activities in its Neighborhood Revitalization Strategy Area (NRSA). Additionally, about 15% of the annual allocation is made to public service activities that serve residents of the NRAs. Other programs funded by the Columbia-Sumter Empowerment Zone, such as employment training will be available to NRSA residents as well as low income persons City wide.

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

As reflected in US Census Bureau, Census 2010 data, several areas of minority concentration existed in the City NRSA in 2010. Particularly high concentrations of African-Americans were found in all locations: 91% Census tract 16, 98% Census tract 15, 82% Census tract 13, and 66.8% Census tract 11. These percentages compare with the City overall African-American population of 46.7%.

Discussion

The City of Sumter conducts a variety of city-wide and neighborhood-specific housing and community development activities that benefit low and moderate income households using federal, state and local resources. The City combines its HOME funds annually with local resources to create the Affordable Housing Investment Fund. These funds are used citywide for new construction, acquisition and/or rehabilitation projects to preserve and improve the supply of affordable housing. The City of Sumter uses the majority of its CDBG funds for “direct benefit” housing rehabilitation and community development activities that are limited to low and moderate income residents citywide.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

Identified Barriers: Bad Credit, Insufficient Credit, Low Income: Applicants for affordable housing will be referred to Consumer Credit Council if they have bad credit problems. The City of Sumter no longer has free consumer credit counseling service. Those with insufficient credit will be encouraged to establish credit with utility companies and landlords. Applicants with incomes so low that they do not have enough income to meet the guidelines will be encouraged to attend training sessions, go to Adult Education programs and Central Carolina Technical College to become better trained for job advancement or a better job with another employer. While homeownership rates are increasing annually for higher income families, lower income families continue to struggle with affordable housing issues. Only 48 percent of very low income households live in owner-occupied homes as opposed to 67 percent of all households and 88 percent of high-income households. There are substantial gaps in homeownership attainment between races and areas of the various communities. Among the barriers to homeownership are the following: Income Barriers--A high percentage of rental households cannot afford to purchase a modestly priced home using a 30-year fixed rate mortgage. Prudent towards the payment of housing costs, including hazard insurance and property taxes. As a result, potential buyers are limited in the amount they can afford to pay by their housing to debt income ratio. Wealth Barriers--Mortgage loans typically require borrowers to make some cash investment in the deal and also limit borrower total debt load, including non-housing consumer debts. Because renters are typically lower-income and have to spend much of their earnings for rent, health care and food, they often use consumer debt, credit cards and installment loans. The result is that many renter families are strapped with high debt loans and little savings. Credit History Barriers--Credit bureau depositories have developed over the past several years offering extensive details on how individuals' access and use credit cards, lines of credit, installment loans and other extensions of credit. While an individual's credit score depends on a number of factors, high risk scores tend to be associated with a history of late payments, maximized credit lines, and repeated applications for additional credit. Credit scores are now commonly used to assess mortgage applicants. The reason most cited for the denial of a single family mortgage home purchase loan is a poor credit history. Lower income and minority households tend to have reduced job security, lower levels of savings and higher debt that disqualify them from obtaining a prime priced home mortgage loan. Information Barriers--There is a significant segment of potential low income buyers who self select out of homeownership due to fear of rejection, confusion about the complexities of the process or misunderstandings about their financial status. Affordable Supply Barriers--There is a delicate balance between growth in home-owning households and the number of housing units suitable for homeownership. First time homebuyers cannot afford the price of a new single family unit and are left instead to purchase existing units many of which are declining in quality. This includes a huge market of used manufactured homes which attract low income families due to the low monthly payments and the limited cost involved in purchasing one.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City of Sumter objectives.

1. Develop new affordable housing units for low income homeowners 2. Promote the utilization of tax credit programs for construction of units concentrated in low income areas. Target a percentage of HOME funds for construction of new single family housing units for low income individuals and families. Promote effective self-help opportunities requiring homebuyers to participate in construction of their homes, decreasing labor costs.
2. Provide opportunities for financial assistance to first time homebuyers: 1. Promote the American Dream Downpayment Initiative 2. Target a percentage of HOME passed thru to CHDO's for direct housing subsidies. Advocate for modular and panelized constructed factory built units to be built to the National HUD code. 3. Promote the replacement of older units not meeting HUD code and factory certifications. 4. Educate low income homebuyers on the pro's and con's of purchasing an older used mobile home i.e.: depreciation values, leased land dangers and risks, costs involved in moving units, costs involved in repair, replacement, and resale. 5. Strengthen the role of the manufactured home industry and building codes 6. Increase the number of safe, decent, and suitable manufactured homes available to low income families.

Discussion

This will be an ongoing process by the City and our housing partners to decrease the barriers of affordable safe, decent, and suitable housing for low income families.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

The City of Sumter conducts a variety of city-wide and neighborhood-specific housing and community development activities that benefit low and moderate income households using federal, state and local resources. The City combines its HOME funds annually with local resources to create the Affordable Housing Investment Fund. These funds are used citywide for new construction, acquisition and/or rehabilitation projects to preserve and improve the supply of affordable housing. The City of Sumter uses the majority of its CDBG funds for “direct benefit” housing rehabilitation and community development activities that are limited to low and moderate income residents citywide.

Actions planned to address obstacles to meeting underserved needs

For more than 15 years, the City has concentrated a portion of its CDBG funds in Neighborhood Revitalization Strategy Areas (Sumter NRSA Map inserted in plan) showing the greatest needs and opportunities for revitalization, as determined by income and other socio-economic criteria and trends. NRSA designation is limited to areas where at least 51% of the residents are low and moderate income, making the areas eligible under Federal regulations for “area benefit” CDBG activities. The City uses over 80% of its annual CDBG funds on “area benefit” activities in its Neighborhood Revitalization Strategy Area (NRSA). Additionally, about 15% of the annual allocation is made to public service activities that serve residents of the NRAs. Other programs funded by the Columbia-Sumter Empowerment Zone, such as employment training will be available to NRA residents as well as low income persons City wide.

The City of Sumter NRA includes four census tracts, 11, 16, 13, and 15. The City will continue to make these census tracts a focal point for CDBG funding due to the fact they have the most underserved needs in the City.

Actions planned to foster and maintain affordable housing

One-Year Goal -- To develop Affordable Housing for LMI citizens, through housing repair and home ownership. The City will develop one affordable housing unit in 2019 if funds are available and rehabilitate six units in 2018. The City will use HUD Program Proceeds for these programs. CDBG funds will be used to repair houses for citizens whose income falls at 80% or below the median. Housing repair will provide an increase of the housing stock with number of units that are to code and the number of safe, decent and sanitary units for LMI citizens. State Housing Trust Funds and CDBG Funds will be used to address this need.

Actions planned to reduce lead-based paint hazards

Local Health Department officials tell us that the Health Child Program is no longer at their clinic. Local physicians, especially pediatric clinics test children for lead levels in the blood. The case is referred to the local Health Department for follow-up if a child is tested positive for lead. The Health Department trains the family how to keep the environment safe from lead and teaches the parents how to keep their child(ren) in the care of a physician until the lead levels are in a safe zone.

During Housing Repair, the City will insure that abatement or encapsulation will take place by the contractor when lead is present. If the regular contractor does not have the proper tools or equipment to work the job and/or if he/she is not certified to do lead-based paint construction work, he/she will sub-contract this part of the work out to someone else who is certified to do lead-based paint work.

The above process will decrease the number of housing units that belong to extremely low-income, low-income and moderate-income families living in housing units with lead-based paint.

Actions planned to reduce the number of poverty-level families

One Year Goal: Those persons who are laid off should continue to work closely with the Employment Security Commission (One-Stop Job Service) to prepare for re-employment and benefits associated with their specific lay-offs. (Note: some companies offer various benefits and the government offers certain types of benefits.)

Strategy: The City of Sumter will work with Employment Security Commission to reduce the number of persons who are unemployed due to lay-offs. Market the Youth Employment Program among this group of persons to encourage those who live inside the City Limits to have their children apply for and obtain summer jobs. To work with those who may want homeownership to apply for an affordable house with the City whiles their income is low enough to qualify for the program. The City of Sumter will work aggressively to reduce the number of individuals and families living in poverty by cooperating and coordinating with other organizations and agencies to access services appropriate for individual and family needs. Special efforts will be made to reduce the number of persons whose income is below the poverty level. Supportive services provided by local service providers and employment opportunities along with training and technical assistance provided by the local Job Service Office are other means in process to raise local residents' income above the poverty level provided their training and experience is adequate for jobs that pay wages above the poverty level. A network of agencies, The Interagency Council, will continue to convene and share information about programs and services that are available so that service workers can do diligence in disseminating information and referrals to poverty level individuals and families.

The following initiatives are in place. These initiatives will contribute to reduction in the number of poverty level families:

Family Self-sufficiency (Sumter Housing Authority), Head Start for children 3, 4 and 5 years old (parenting component), Early Head Start for children ages 0-3 years old (parenting component), Local Programs such as After School Programs, Boy and Girl Scout, 4-H Clubs, etc., Workforce Development Initiatives through Job Service One-Stop Employment Office,

- First Steps (school readiness program)
- Success By Six (school readiness program)
- Teen Pregnancy Prevention programs (through YWCA, United Way, etc.)
- Section 3 (encouraging contractors to comply by employing local LMI persons)
- Youth Build (job training for high school drop outs through South Sumter Resource Center). Center awaits renewal of grant at this writing.
- IDA (Individual Development Account) 3-1 Savings Accounts through (South Sumter Resource Center funded by SC Association of Community Development Corporations)
- SC Vocational Rehabilitation Department*
- Disabilities and Special Needs*

*Entities that have work components that enable persons with special needs to become employable

Actions planned to develop institutional structure

The structure in which the CDBG program will be carried out is within a council-manager form of government which was established in 1912. Sumter was the first in the United States to successfully adopt this form of government. With more than 500 City employees, including City Council members, the City of Sumter has leadership in place that not only promotes quality and responsive services, but one that permeates, involves and is accessible to all staff levels. The Mayor is elected and the City Manager is the Chief Executive Officer. City Council hires the City Manager. There are currently 15 department directors. The City of Sumter shares with the County the benefit of several officers: Tax Collector, Property Appraiser, Clerk of Circuit Court, Planning Director, Auditor, Treasurer, and Supervisor of Elections. These officers maintain a high degree of operational integrity and autonomy.

Sumter is home to Shaw Air Force Base, a growing industrial base, the world famous Swan Lake Iris Gardens and a city population of 42,700. The City of Sumter is in the heart of the community with a total City and County population of 108,000. Sumter provides a home town feel with the conveniences of a large city.

The City of Sumter continues the redevelopment of its downtown through an aggressive Downtown

Development initiative. Because of its historic significance, many of the structures are, and will be revitalized in a way that they do not lose their historical significance. A multi-million dollar streetscape project has been completed as well as total renovations of five public parking lots in the City Business

District (CBD). Decorative cross-arms and buried utility lines have been installed at nine of the eighteen downtown intersections. Underground utility work and the installation of new sidewalks, a newly paved road with stamped crosswalks, curbing, and landscaping and irrigation was completed in 2012 on West Liberty Street from Sumter Street to Main Street, and in 2014 the same is planned for the East Liberty corridor of the CBD. The City is also receive a NIP grant for demolishing unlivable houses and buildings eyesores throughout the City. Additionally, the penny tax is being utilized for further improve institutional structure; it provided funds for a new court house, and currently in the building stage of a new police department and fire department.

Actions planned to enhance coordination between public and private housing and social service agencies

The local Housing Authority has a Resident Services Program dedicated to empowering the residents in the community to develop goals and encourage them with support and resources to achieve goals. Resident Service programs are only as supportive as their primary resource, the community partnerships. The participation of the City's Community Development office is an essential member of the partnership through the natural progression of empowerment and education. Community Service has allowed Public Housing clients the opportunity to work with community leaders and management to become oriented to housing opportunities through the various affordable housing programs in the community. Programs currently available to our residents include budget classes, housekeeping classes, parent educators and computer and GED classes.

City staff on a continual basis maintain contact with all social service agencies and the public housing agencies.

Discussion

Since the inception of the housing task force all housing partners are continually striving to assist as many possible LMI income citizens throughout the City limits and county.

Program Specific Requirements

AP-90 Program Specific Requirements - 91.420, 91.220(l)(1,2,4)

Introduction

The most pressing needs are Infrastructure Improvements and Non-Residential Historic Preservation. Also, the Youth Programs that are Youth Employment during the summer for two different programs will also be a community development need with priority.

Achievement of Performance – There will be a public notice to allow citizens and community organizations to address activities and submit comments on all elements of Objective, and Final Statements of Performance Report. Proposed local newspaper at least 30 days prior to the start of planning for the next aspect of the Consolidated Plan Programs. This notice will be published in a newspaper of the City and community newsletter to allow citizens to allow citizens to participate, and the public hearings process.

Community involvement in the Consolidated Plan Programs shall include, but is not limited to, public notice in the local newspaper for citizen participation, and the public hearings process.

To insure that citizens are involved in (1) planning, (2) implementation, and (3) assessment of Consolidated Plan Programs, U.S. HUD requires a written plan to show how citizens will be involved in the three areas cited.

The benefit of having a consolidated plan ensure a collaborative and comprehensive process to establish a unified vision for community development actions.

Further, each of these must primarily benefit low- and very low-income persons.

The laws governing the grant programs established three basic goals. They now referred to as "the Consolidated Plan Programs."

Four programs within the Citizens Participation Plan, "CDCP Programs" are opportunities for Persons with AIDS (HOPWA). As such, to incorporate the Partnership (HOM), Emergency Shelter Grants (ESG), and Housing Community Development Block Grant (CDBG), HOME Investment

subsidies. The four programs affected by the consolidated plan are:

Annual Action Plan

City of Sumter

Homeless prevention is one of the City's greatest challenges. Many homeless persons are accustomed to a certain lifestyle – living on the streets. Cleaning and maintaining a permanent residence has to be a process. Through the Eastside Carolina Homeless Center people planning and budgeting for successful transition and reentry.

There are many income barriers to successful homelessness. The City hopes to tear down some of these barriers with training and orientation regarding credit issues and proper planning and budgeting for successful transition and reentry.

The City markets this a workable program with the use of CDBG funds for down payment and closing cost assistance as well as acquisition of land when necessary. HOME funds are used to provide subsidies that close the gap between income and the cost of housing.

Home Ownership is an important part of the Community Development Department's mission. Through the City's Affordable Housing Program, this program links Housing Counseling Initiative. Prospective homeowners will be encouraged to pursue the American Dream as well as a post-home buyer follow-up program.

The City pledges to step up its housing programs, housing repair, especially to provide more decent and sanitary housing for the elderly, disabled and low-income.

Planning issues during community meetings in preparation for the development of the Plan. The public expressed concern for housing, drainage, sidewalks, streetlights, and street

– Comprehensive Annual Performance and Evaluation Report.

The City pledges its support in maintaining high standards for periodic monitoring and as an integral measure of the CAPER.

The plan is built around a strong institutional structure that has been in place for decades.

The City made an effort to broaden public participation by advertising the public meetings and public hearings, and by holding these meetings at a time convenient for working and non-working people. The location of these meetings was central to where people usually gather for other activities.

Community consultation with area agencies, organizations, citizens, low-income citizens, especially the homeless, elderly, handicapped and disabled was integral.

The direct responsibility has been delegated to the Community Development Department. The Lead Agency for developing the One-Year Annual Action Plan is the City of Sumter.

Executive Summary

Annual Action Plan
Community Development Department
City of Sumter

Public Housing plays a pivotal role in community development. The Local Public Housing Agency provides services to their clients along with a strong Resident Leadership Skills as well as plan for home ownership or another kind of business venture. Program. This program provides opportunities for residents to learn leadership skills as follows:

There are strategic plans and goals projected for the upcoming year. These plans and goal's will materialize as we work the programs on a daily basis.

NRSA - Neighborhood Revitalization Strategy Area was approved in 1996. Several initiatives have taken place in this area since that time including the Tracey Plaza, new programs in the South Sumter Resource Center to include the birth of a non-profit for affordable Housing and Housing Capital, Youth Build and a new extension of the Sumter County Library. The RSA now has one of the three HOPE Centers on the edge of one of its census tract, Census Tract 16.

HOPWA - Lending Opportunities for People with AIDS is a much-needed program for Sumter. A group of interested citizens birth a new initiative forming the agency Tempowered Personal Care Home Health Alliance Inc., which provides housing, nursing skills training, and a continuum of care for the clientele. The spread of HIV/AIDS in the City of Sumter, recent statistics rank Sumter #6 in HIV/AIDS infections in the state, with 630 cases of AIDS/HIV, cumulative through December 2016. Additionally, Sumter area is being monitored due to the partnership of Department of Social Service and the City of Sumter. Recent statistics rank Sumter #6 in HIV/AIDS infections in the state, with 630 cases of AIDS/HIV, cumulative through December 2016. Additionally, out of the total cases there have been 431 deaths.

The Anti-Poverty Strategy is an effort embedded in everything we do. Other agencies assist with implementation of programs such as Early Head Start, Regular Head Start, Success-By-5, First steps, Youth Build and others. All of these programs have life skill components that cater to the entire family. Generations to come will benefit from the services, training and follow-through provided by these and other such programs.

The Economic Development Department is a wide range of initiatives. Money circulates throughout the community for insurance on new homes, taxes on rental and new homes, and labor and materials for homeowners. It also passes a wide range of initiatives. Money circulates throughout the community for individuals and families with children. It may take some time for this to come to fruition, however, it will materialize in the not too distant future.

Organization the City will work with member agencies to obtain funds for a continuum of care for the Sumter area that will be large enough to serve a large number of homeless individuals and families with children. It may take some time for this to come to fruition, however, it will materialize in the not too distant future.

2010 Census

The City of Sumter NRSA includes four census tracts, 11, 16, 13, and 15. A depiction that shows the race distribution and population of each census tract is listed below:

70% of its annual CDBG funds on "area benefit" CDBG activities. The City uses over eligible under Federal regulations for "area benefit" CDBG activities, making the areas where at least 51% of the residents are low and moderate income, making the areas showing the greatest needs and opportunity for revitalization, as determined by income and other socio-economic criteria and trends. NRSA designation is limited to areas that implement Revitalization Strategy Areas (NRSA) map included in plan.

For more than 15 years, the City has concentrated a portion of its CDBG funds in neighborhoods that are limited to low and moderate income residents citywide.

CDBG funds for "direct benefit" housing rehabilitation and community development improve the supply of affordable housing. The City of Sumter uses the majority of its citywide for new construction, acquisition and/or rehabilitation projects to preserve and local resources to create the Affordable Housing Investment Fund. These funds are used using federal, state and local resources. The City combines its HOM, funds annually with and community development activities that benefit low and moderate income households.

- Program:**
- The Consolidated Plan is the document that Sumter submits to the U.S. Department of Housing and Urban Development (HUD) as an application for funding for the following programs administered by the U.S. Department of Housing and Urban Development.
1. The City of Sumter is the lead agency. The City of Sumter coordinates our federal programs and initiatives.

The Process

As reflected in US Census Bureau, Census 2010 data above, several areas of minority concentration existed in the City of Sumter in 2010. Particularly high concentrations of African-American were found in all locations; 91% Census tract 16, 98% Census tract 15, 82% Census tract 13, and 66.8% Census tract 11. These percentages compare with the City's overall African-American population of 46.7%.

The City of Sumter Housing Authority assisted with the development of the Plan by sharing information from their Annual Action Plan and providing their residents with opportunities for input during the development process. The City's Community Development Department staff has the names, addresses and telephone numbers of two Spanish-speaking persons who will to assist with interpretation at meetings when needed. Staff has met and talked with these persons. Currently the number of non-English speaking persons in the city exceeds 10%. However, the opportunity for interpreters for non-English speaking persons in the number of potential participants is limited. The City's Community Development Department of public meetings and public hearings and information provided public housing residents in the development process by disseminating information about the services of the City's Community Development Department.

1. **A summary of the process follows:** Guided by the Citizens Participation Plan, staff from the Community Development Office conducted outreach through a series of public meetings, public hearings, phone calls and mailings. Staff held meetings at the three HOPE Centers and the South Sumter Resource Center. Many homeless persons congregate in the southern part of the city; however, only a few showed for the meetings this year. Input from them is included in the Five-Year Consolidated Plan, as well as the Annual Action Plan.

2. **The jurisdiction met with several agencies, organizations and individuals to provide input into the planning process.** Community Development Block Grant (CDBG) included in the community budget. The City will share with the residents. Affordable Housing opportunities and credit counseling along will continue to be available to its residents on Fair Housing issues and tenant's rights and responsibilities. The City will continue to work closely with the Housing Authority to make information available to its residents on Fair Housing issues and credit counseling along with the providers, and Public Housing Authority representatives meet and share information and place where most of the service agencies, including some health care providers, housing program and services that are in the area for low-income persons. This is a meeting. These meetings provide an opportunity for persons to become familiar with the jurisdiction's needs and care to low-income, special needs and the elderly, including HIV/AIDS victims.

Shaw Air Force Base

Shrawan All Force Base was spared during the recent Base Realignment and Closure Initiative. After the arrival of 3d Army from Fort Monmouth, Shrawan AFB, Shrawan has experienced a gain in population. Due to the increase in population, there will be the need for additional housing and supportive services for service members and their families. The local districts are prepared for the increase in demand for adults wanting to further their education.

Sunder is home to Silver Air Force Base, a growing industrial base, the world famous Swan Lake, its Gardens and a city population of 42,700. The City of Sunder is in the heart of the community with a total City and County population of 108,000. Sunder provides a home town feel with the amenities of a large city.

With more than 500 City Council members, the City of Sumter has leadership in place that not only promotes quality and responsive service, but one that permeates, involves and is accessible to all staff levels. The Mayor is elected and the City Manager is the Chief Executive Officer. City Council meets the City Manager's office monthly to discuss current issues and to evaluate the City's performance. 1. The structure in which the CBBC programme will be carried out is within a council-managed form of governance which was established in 1992. Similar was the first in the United States to successfully adopt this form of governance.

Government Structure

Institutional Structure and Coordination of Resources:

4. There were no commandments that were not accepted.

Homelands provide us with a model for how to move forward in peace and reconciliation.

3. **Efforts to broaden public participation follow:** The staff advertised the community meetings in advance through local media and churches. Flyers were placed in public places where some citizens who live in low-income neighborhoods were invited to have their concerns addressed. All service agencies were invited to the HOPE Centers that are located in the central parts of the City and the South Sumter Resource Center on the south side of town.

2. **A Summary of Citizens' Comments follow:** The citizens expressed interest in better defining specific parameters, demand item limit trade enforcement. More specific
measures are attached to the end of this document.

- 3) **Quality of life.** Like private industry, military personnel and their families look for quality of life assets. All new-comers to Sumter look for good jobs, housing, educational, recreation, healthcare, security and cultural activities. Examples has two plants here in Sumter. This is because of retirees from Shaw Air Force Base and the skills they have that are in need in the workforce at their plants.

- Summer experiencing a 3.6% unemployment rate compared to the national average of 3.8% and the State of South Carolina's average of 3.2%. Another 20% will probably have manageable skills. With many of them very well skilled, is high demand for the available jobs here for them with 20% of them have professional skills such as teachers and administrators. Looking for work, the majority have found work to match their skill set. About 100% of the type of work skills that are required. Of the 70% dependents need jobs. Summer have improved immensely for job opportunities and have come to this area. Dependents account for about 4,000. About 2000-2500 community will have as a result of TRAC. Approximately 10,000 total people County and Chamber of Commerce to meet the needs of the influx of persons out regionally.
- 2) **Economic Development.** The Base Defense Committee worked with the City.

- 1) **Mission Growth.** The 20th Fighter Wing, 9th Air Force and 3rd Army Headquarters are worked side by side to determine the community support concerned with four main initiatives:

- 4) Public Safety
- 3) Quality of Life
- 2) Economic Development
- 1) Mission Growth

The Sumter community prepared for the growth under the auspices of the Sumter Base Defense Committee, Mission Growth Committee. The Mission Growth Committee was concerned with four main initiatives:

Shaw Air Force Base has expanded with the 3rd Army Headquarters which is located here 2000 military jobs, and generated a population initially of about 3,000 including all family members, with the potential population increase to 10,000.

There has been a working partnership between the base and the community that has become a proud tradition for a superior quality of life. The partnership represents the pride and passion in the community, both now and in the future.

more than one hour away from their work station, it is believed that most of them fulfilling their needs. Although the Army leadership wants their personnel not to be anticipated that most of the military personnel will look to Sumter for

meals on the go. Although the option to accepting persons who are new to the community was disseminated about jobs, schools, churches, etc., citizens will be encouraged to be open to accepting persons who are new to the community.

Information was disseminated about many venues including the Visitor's Center, restaurants, theaters and web sites. Information may be available at parks and educational opportunities. This was done in many ways and accessible.

4) **Public Transportation** is very important. To highlight its utility, transportation, healthcare is a day clinic. There is no Emergency Room. Private Toomey HealthCare is a degenerate Shaw Air Force Base located in the hospital some years ago. It now has only a day clinic. There is no Emergency Room. Private Toomey will need more doctors to relocate here. 165 doctors with hospital privileges, which Shaw's increase in population. This expansion will generate about 160 jobs. Currently there are 160-hospital. This expansion has added to the Emergency Room and added 40 beds to the population. Toomey has taken on a big responsibility for (with) Shaw AFB and its population. Shaw has taken on a big responsibility for (with) Shaw AFB and its population. This expansion has added to the Emergency Room. Private Toomey will need more doctors to relocate here.

Community organization (as a consequence), could be more dangerous in their activities. Gangs are an emerging concern for the Sumter community. They are not organized as they are in larger cities. Therefore they lack leadership, and necessary adjustments will be made to accommodate to all areas. Secondly is another need. Sumter Police and Sheriff Department made the necessary adjustments to their department to accommodate the increasing population needs for on-base housing. One significant observation, however, is all too common, most families prefer having four bedrooms units to accommodate future needs.

Housing is not a problem. Privatization has taken care of the increased population needs for on-base housing. One significant observation, however, is the need and request for four bedroom units. With extended families becoming all too common, most families prefer having four bedrooms units to accommodate future needs.

Sumter has one public school district. The superintendent does not see a problem accommodating the influx of students due to BRAC. The quality of education here is adequate to accommodate the influx. Students that do not attend public school will attend private school or the home schooled. Additionally, there are at least five to six colleges in the area where you combine the colleges on Shaw and the colleges in Sumter.

Sumter's current workforce is below standard for technology, while the local businesses and local technical college is making a concerted effort to rectify this problem. There are two elements that are of serious concern to the Race Preference Committee: business and local technical college is making a concerted effort to rectify this problem. Committee:

The City of Sumter continues the redevelopment of its downtown through an aggressive downtown revitalization of new sidewalks, a newly paved road with stamped crosswalks, curb lighting, and decorative cross-arms and buried utility lines have been installed and the intersection with more intersections to be updated. Underground utility work and the total renovations of five public parking lots in the Central Business District (CBD). A multi-million dollar streetcap project has been completed as well as significant streetcap projects. A mulit-million dollar streetcap project has been completed as well as structures are, and will be revitalized in a way that they do not lose their historical significance. Because of its historic significance, many of the downtown development projects will be revitalized in a way that they do not lose their historical significance.

2. Downtown Sumter

The strengths of the delivery system for services is the strong relationship established and maintained between service agencies and organizations, non-profits and the public housing authority.

Sumter is centrally located in the middle of South Carolina with the beautiful beaches to one direction and the Blue Ridge Mountains in the other.

In 1912 the City of Sumter became the first city in the United States to successfully adopt the council-manager form of government. It is still in effect today. Sumter's political leadership of elected officials in the form of a seven-member City Council headed by the Mayor, with the strong managerial experience of an appointed City Manager, who serves as the chief administrator and executive officer of the city.

The city and county of Sumter bear the name of General Thomas Sumter, the "Fighting Sumter" of the American Revolutionary War. His place in US history is secure as a character in the 2000 movie, "The Patriot" along with Francis Marion and Andrew Pickens, also from South Carolina, and his service to his country continued for the duration of his long life.

The City of Sumter is the seat of Sumter County and is the eighth largest metropolitan area in the state of South Carolina. Incorporated as Sumterville in 1845, the city's name was shortened to Sumter in 1855. It has grown and prospered from its early beginnings as a plantation settlement.

I. Sumter Today

Technology will play a pivotal role in that Sumter develop and maintain a website with news-commerce information and news articles about what's happening at Comets Club, etc. Shaver and in Sumter such as Shaw Festival, Family Support Center activities, New

State of the Local Economy

Since 2009, over 60 separate innovation projects have been completed in the framework of the Service Center, mostly in the field of CDRs using Fagelte Charts and modules from building owners. We have served others who are interested in the Fagelde Grant option and it is believed that in 2018 we would be able to update the legacy of established & buildings if the funding is available.

downstream and offers incentives such as refuge grants to improve the appearance of riverside towns and the downstream riparian buffer zones. Possible pilot projects for specific developments in both commercial and residential projects.

In 2017, a new municipal community hotel for 93 room Hyatt Place Hotel on Main Street, which was open April 2018, along with the hotel the City broke ground and completed.
With this construction of a public parking garage, which opened for public use in November, 2017 ready buildings, some existing downtown is extremely lacking. Many buildings downtown faced money invested in them to attract new businesses.

Interdisciplinary and integrative work completed in 2016 on East Perry Street from Harrison Street to Main Street, which saw a brand new requalification from Calhoun to Polite the downtown for continued growth.

Very low-income residents (those with incomes at 50% or less of the area median) are experiencing an even greater cost burden by spending 60.2% of their wages on housing. This is compared to the State total of 54.9%. There is little need for more affordable housing units for very-low-, low-, and middle-income citizens.

According to the National Low Income Housing data the City's low-income residents are 30% maximum of household wages in spent on housing which include utilities, mortgage, transportation, and taxes.

This compares to the State total of 34.8%. It is suggested by the Center for Housing that only

30% maximum of household wages is spent on housing which include utilities, mortgag-

e, transportation, and taxes.

Special Housing Objectives

Housing

The above process will decrease the number of housing units that belong to extremely low-income, low-income and moderate-income families living in housing units with lead-based paint.

During Lead Painting Repair, the City will make sure that abatement or encapsulation will take place by the contractor when lead is present. If the regular contractor does not have the proper tools or equipment to work the job and/or if he/she is not certified to do lead-based paint construction work, he/she will sub-contract this part of the work out to someone else who is certified to do lead-based paint work.

Local Health Department trailers the family how to keep their child(ren) in the event of a physician until the lead levels are in a safe zone.

Lead-based Paint Response for Program Year 5

1. The City will maintain its files in an orderly fashion so that all transactions can be tracked. Contractors will be encouraged to comply with guidelines and requirements. Staff will keep abreast of existing and new policies and procedures so that all work will be in compliance with HUD's rules and regulations.

The City plans to build and sell 1 affordable house to low-income person during this fiscal year, if funds are available. LMH persons whose income falls at 80% or below, the median will be the group served.

Needs of Public Housing

Currently, the agency is working with Veteran Affairs to lease and administer the ten VASH Vouchers allocated in September of 2018 for the Sumter jurisdiction. At present, we have six VASH voucher families leased.

In 2016, the Streamline rule and proposed HOTMA house; the Authority administers multifamily inspection standards and increases to the Uniform Physical Inspection Standards and 2018. With the anticipated roll out of the new Office of Housing Quality Standards as the Housing Choice Voucher program. This program was a high performing agency for 2017 and 2018. The Authority currently administers all of its multifamily rental properties in order to accomplish this mission.

The mission of the Housing Authority of the City of Sumter is to assist low-income families with safe, decent and affordable housing opportunities as they strive to achieve self-sufficiency and improve the quality of their lives. The Authority is committed to operating in an efficient, ethical and professional manner. The Housing Authority will create and maintain partnerships with its clients and stakeholders in sumter county in order to accomplish this mission.

The Authority has identified the need for additional affordable housing in the Sumter community. The Authority has applied and received funding through a partnership of Neighborhood Stabilization Program in the amount of \$1,700,000.00 for acquisition of foreclosures, rehabilitation and rentals. A total of seven homes were purchased, rehabilitated and are now affordable housing in the Sumter community.

Public Housing Treaty – The Housing Authority of the City of Sumter has established the following as strategies:

- This Public Housing Agency is not designated as “troubled”.

This Public Housing Agency is not designated as “troubled”.

- No less than 80 percent of the Fair Market Rent is received from a new PTH setting a minimum for fair rents to be tales. Negotiation was received of a new PTH setting a minimum for fair rents to be tales.

6. Fair Market rents for 2018/2019 increased less than 5 percent in the MSA or Sumter supporting the elected payment standard of 10 percent of the FM

7. Public Housing continues to utilize fair rents, which were determined on market rate and active rents.

- Currently has two certified property managers for open market.
- market housing to utilize the skills and expertise of the staff. The Authority entitled to in 2017 and 2018. Still in currently assessing training of open has maintained at the reduction of 80 percent of administrative fees that are 93 percent in 2018 for Public Housing. The Housing Choice Voucher Program from 85% to 92.9 percent of what the Authority was entitled to and approximately assistance. During the fiscal year 2017, funding for public housing was provided

The Authority strives every day of operation to provide quality, affordable housing to the Subtier community. We also have strong partnerships that are utilized as a way to help our families achieve self-sufficiency and improve the quality of their lives. The Authority has relied on private donations with an outside source to conduct a Physical Needs Assessment to provide the necessary information to prepare for the Disposition of Public Housing. This information will determine which part is available to our customers through the Rental Assistance Demonstration Program or if the Section 8 Program meets its needs. The Agency has identified the need for affordable housing in the community, including the potential utilization of vacant lots adjacent to public housing addressed in the five year plan since 2013. Physical conditions hampered operation of Public Housing including the inability of units appeal. We have not obtained any funding was appealed for funding nor owned by the Authority. We have no points from our seconding to receive some relief during the City's demolition program.

Based on information provided by the applicable Consolidated Plan, information provided by HEDD, and other generally available data, the Housing Authority of the City of Sumter will make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing waiting lists. The identification of housing needs must address issues of affordability, availability, accessibility, size of units, and location.

The Housing Authority of the City of Sumter provides a variety of affordable housing in the summer community. Not only are the affordable housing resources limited, but the economic condition, with the loss of industry in the community, supports the need for affordable housing and housing assistance needed in the community.

The Authority has continually developed and improved its Management System by 2008 in line with the requirements of the standard ISO 9001. This programme was a significant achievement - seven to thirteen-year-olds have been involved in the design of the new and two modern units that have been driven by the welfare of the children. Applications for one or two modern units normally exceed an average of one year prior to being issued; four and five bedoom units take about three months to be issued. The waiting list is now approximately 18 months long. The Authority has been able to meet this demand for additional one and two bedoom units that have been driven by the welfare of the children.

The Authority has been actively accepting on-line applications since April 2016.

Wholesale homeownership rates are increasing annually for higher income families. However, the barriers to homeownership are the following:
The barriers to homeownership are mainly between races and areas of the various communities. Among all households and 88 percent of high-income households, there are substantial gaps in very low income households live in owner-occupied homes as opposed to 67 percent of income families continuing to struggle with affordable housing issues. Only 48 percent of applicants with incomes will be encouraged to attend training sessions, go to Adult Education programs and Central Carolina Technical College to become better qualified for job advancement or a better job with another employer.

Applicants with incomes so low that they do not have enough income to meet the requirements and establish credit with utility companies and landlords.
Those with insufficient credit will be encouraged to establish credit with utility companies and landlords.

Applicants for affordable housing will be referred to Consumer Credit Council if they have bad credit problems. The City of Sumter no longer has free consumer credit counseling service.

Identified Barriers

Barriers to Affordable Housing

The overall goal is to have the staff trained and capable of providing effective and professional quality services at every level in the agency.

1. Develop new affordable housing units for low income families and families.
- a. Promote the utilization of tax credit programs for construction of new single family condominiums in low income areas
- b. Target a percentage of HOME funds for construction of new single family housing units for low income individuals and families.

The City of Sumter objectives:

Objectives for Affordable Housing:

- margin involved in building higher value homes, very few affordable margins involved in purchasing one.
- income families due to the low monthly payments and the limited cost includes a large market of used manufactured homes which attract low purchase existing units many of which are declining in quality. This annual afford the price of a new single family unit and are left intended to owner occupied houses are being produced today. This time homebuyers involved in building new houses and the relatively interactive profit
- and the number of housing units suitable for low income people. There are significant numbers of standard rental and vacant units that could be converted into affordable owner occupied units. Because of the fiscal year involved in building new houses and the relatively interactive profit
- There is a delicate balance between growth in home-owning households and the number of housing units suitable for low income buyers who sell

Affordable Supply Barriers

- select out of homelessness due to fear of refection, confusion about the complicated process of transitioning from one status to another, and the financial consequences of the process or individual barriers about their financial status.
- There is a significant segment of potential low income buyers who sell

Information Barriers

- obtaining a prime priced home mortgage loan.
- the detail of a single family mortgage home purchase loan is a poor credit history. Lower income and mobility households tend to have reduced job security, lower levels of savings and higher debt than disadvantaged from the community used to assess mortgage applications. The reason most cited for loans, and repeated applications for additional credit. Credit scores are now used to be associated with a history of late payments, maxed credit lines, individual's credit score depends on a number of factors. While high risk scores often result in denial of credit, individual's access and other extensions of credit. While an offer being excessive reflects on how individual's access and use credit cards, consumer debt, credit cards and installment loans.
- Credit bureau delinquencies have developed over the past several years

Credit History Barriers

- consumer debt, credit cards and installment loans. The result is that many recent families are strapped with high debt loans and little savings.

4. Incentive die number of safe, decent, and suitable manufactured homes available to low income families.
 - a. Promote the replacement of older units not meeting HUD code and factory certifications.
 - b. Encourage low income homeowners on the pros and cons of purchasing an older used mobile home (e.g., depreciation values, leased land dangers and tasks, costs involved in moving units, costs involved in repair, replacement, and resale).
3. Strengthen the role of the manufactured home industry and building codes
 - a. Advocate for modular and panelized construction factory built units to be built to the National HUD standards.
 - b. Target a percentage of HOA's passed thru to CHTD's for direct promotion the American Dream Down payment Initiative.
 - c. Promote effective self-help opportunities for first time homebuyers to participate in construction of their homes, decreasing labor costs.
2. Provide opportunities for financial assistance to first time homebuyers
 - a. Promote the American Dream Down payment Initiative.
 - b. Target a percentage of HOA's passed thru to CHTD's for direct promotion the American Dream Down payment Initiative.
 - c. Promote effective self-help opportunities for first time homebuyers to participate in construction of their homes, decreasing labor costs.

- Principles for Program Design and Implementation**
- These principles are based on the knowledge gained from the historical and cultural experience of housing and services providers, and are proposed as comprehensive, multifaceted, and integrated.
1. Housing is a basic human need, and all people have a right to safe, decent, affordable and dignified housing.
2. All people are valuable, and capable of being valuable residents and valuable community members.
3. Housing and services should be integrated to enhance the social and economic well-being of residents and to build healthy communities.
4. Residents, owners, property managers and service providers should work as a team in integrated housing and services initiatives.
5. Programs should be based on assessment of residents' and community strengths and needs, supported by ongoing monitoring and evaluation.
6. Programmers should expand resident participation to improve the community's capacity to realize change.
7. Residents' participation in programs should be voluntary, with an emphasis on outreach to the most vulnerable.
8. Community Development initiatives should be extended to the neighboring area and residents.
9. Assessment, intervention and evaluation should be multilevel, focusing on individual residents, groups, and the community.
10. Services should maximize the use of existing resources, avoid duplication, and expand the economic, social, and political resources available to residents.
11. Residents of Louisville Plus Services programs should be integrated into the larger community.

3rd line is being provided by Sumter United Ministries Sanitation House, which is a 72 hour homeless shelter. Also, free medical treatment and housing needs met by locating the service for the homeless and letting them know where and how to access these services. Additionally, continually provide support to the DO site visits where homeless persons congregate. Staff will perform needs assessment and coordinate and collaborate with existing agencies to get the medical, social and

Strategy

One-Year Goal - Continue to decrease the number of homeless persons that are without medical, food, shelter and a continuum of care.

Strategic Plan

There are many homeless persons who need medication but do not have money to fill prescriptions. Sumter has the resources available to provide free medical and prescriptions all; however, homeless persons either do not know about the resources or very hesitant in contacting the resources available to them.

Needs Assessment

2. Homelessness

The City provides support to the Empowered Personal Care Home Alliance Inc. (EPCHA) and the Department of Social Services of Sumter County to combati annual grant from HUD for the homeless. Action through the Bartram Carnegie Homelessness Organization (TCCHO) receive an homlessness among persons with HIV/AIDS. Both DSS and EPCHA assist persons with medications, food, utilities and mortgage. This assistance will prevent persons who are HIV/AIDS positive from becoming homeless. The EPCHA became fully operational during the later part of spring 2007. EPCHA provides 82 rooms for homeless HIV/AIDS clients who are not financially able to afford a place on their own.

Specific Homeless Prevention Elements

HOMELESS

College and universities need programs tailored for working adults who need to upgrade their education for upward mobility and advancement in the workplace. Employers need

A nonnaipathiyi neerad to have in place training and capacity building programmes for persons of all ages, even those who have retired to prevent boredomlessness. Retirees often need the kind of activities which can be done in the home or in the neighbourhood. They will be better off if they have a long period of time as they start their adult life.

Homework Preparation

Provide services to homeless persons in the city limits, while continuing to provide services to area residents through linkages with partner agencies.

100

One Year Goal - Work closer with First System Counseling Homeless Outreach Organization, private and non-profits, to access funds for homeless individuals this program year. The goal is to end homlessness among Veterans in five years; and (4) Set a path to ending all types of homelessness.

Strategic Plan

A new 501(c) organization mentioned above, EPCHHA, was formed with the purpose of providing housing and supportive services to persons who test positive with HIV/AIDS. The City of Sumter Housing & Development Corporation work with this organization to access funds for their projects, along with several other local, state, and federal partners.

The City of Sumter Community Development staff is a member of and will continue to work closely with the Twelve-County Escambia-Homicide Task Force to assist in the investigation of homicide cases in our community. The City will continue working with the City of Sumter and several other counties until the homicide rate is eliminated.

The Summer Youth Corps Program will accommodate students 14-18 years of age from low-income families, city playgrounds, city housing projects and neighborhood. We will have 40 slots for this program.

2. Economic Development – The City proposes to develop summer jobs for youth who are in high school. The program will benefit local businesses that provide opportunity to all interested students who qualify for the programs.

1. The City of Sumter does not list a high priority need. Most of the needs are community development need with priority.

Impassenger and Non-Residential Tissue/Paper Preservation. Also, the Youth Programs that are Youth Employment during the summer for two different programs will also be a medium or low. Several are no high need. The most pressing need is Infrastructure.

Citizens need consumer education to prevent them from falling into financial traps that cause foreclosures on houses and other belongings.

To be encouraged to implement incentives for employees to upgrade their education by offering scholarship or financial educational benefits.

COMMUNITY DEVELOPMENT

Strategic Plan

During recent layoffs, Sumter Branch of the South Carolina Technology Council has been working with this population with community service, referrals and opportunities for future employment, as well as benefits that may be associated with the lay-offs. They are also offering re-training for different types of jobs than the ones formerly held. Additionally, the unemployment rate for Sumter is steadily going down.

According to the above table, 24% of African Americans were experiencing poverty level incomes in 2010 compared to 7% of whites and 15% of Hispanics or Latinos and Other populations groups.

There are a high percentage of citizens living below the poverty level. Many of them live in owner-occupied housing. As the accompanying housing table will show, many homeowners, some of whom still have mortgages, have a cost burden as high as 50% and larger. Twenty four (24%) percent of African Americans live below the poverty level.

Needs Assessment

Anti-Poverty Strategy

Specific objectives are identified separately.

- o First Steps (school readiness program)
- o Success By Six (school readiness program)
- o Teen Pregnancy Prevention programs (through YWCA, United Way, etc.)
- o Section 3 (encouraging contractors to comply by employing local TMI persons)
- o Workforce Development Initiatives through Job Service One-Stop
- o Employment Office
- o Head Start for children 3, 4 and 5 years old (partnering companies)
- o Early Head Start for children ages 0-3 years old (partnering companies)
- o Local Programs such as After School Programs, Boy and Girl Scout, 4-H Clubs, etc.
- o Family Self-Sufficiency (Summer Housing Authority)

The following initiatives are in place. These initiatives will continue to reduce in the number of poverty level families.

A network of agencies, The Interagency Council, will continue to convene and share information about programs and services that are available so that service workers can do likewise to disseminate information (information and referrals to poverty level individuals and families).

Service efforts will be made to reduce the number of persons who live below the poverty level provided little training and experience is adequate for jobs that pay wages above the poverty level.

The City of Sumter will work aggressively to reduce the number of individuals and agencies to access services appropriate for individual and family needs.

To work with those who may want to obtain employment to supply for an affordable house which the City utilizes their income is low enough to qualify for the program.

The City of Sumter will work with Employment Security Commission to reduce the number of persons who are unemployed due to lay-offs. Market the Youth Employment Program among this group of persons to encourage those who live inside the City to have their children apply for and obtain summer jobs.

One Year Goal: Those persons who are laid off should continue to work closely with the Employment Security Commission (One-Stop Job Service) to prepare for re-employment and benefits associated with their specific lay-offs. (Note: some companies offer various benefits and the government offers certain types of benefits.)

Other Phony needs already identified are homeless services, affordable housing developments, job training and employment opportunities and preservation of historic properties both commercial and residential.

Continue working with the use CDBG funds to augment the process so that at least 5 households will benefit from housing despite this program year.

Strategy

CDBG funds can be used for persons whose income fall at 80% or below of the area median.

Strategic Plan

There is a large number of housing units that are in a bad state of repair. Many of the units belong to and are occupied by senior citizens and handicapped persons who are on a fixed income. Some residents are buying houses on Contract. These homeowners will not qualify for the City's housing repair program. They also live below the poverty level.

Kar Housekeeping – Samele Lyanches COO completed the City of Sumter Tapendimants to Hart Housing in September 2017. A survey was conducted to gather public input on the progress of the nine independent units which were identified in 2012. The inputs received from the public identified still, six significant previous impediments. The significant impediments are listed below:

Big Housing Task Force

The HOPE Centers will become more involved with increasing the enrollment in the entrepreneurial classes and business development courses. They will also partner with local business owners to offer one-on-one mentorship opportunities throughout the Sumter area. The Centers will continue their on-site job training of entrepreneurs and business owners developing expansion courses. The EZ constructed three HOPE Centers that provide learning environments for the youth of the Sumter area. For the first year of operation, the EZ HOPE Center will be located at the Sumter Middle School. The EZ HOPE Center will be located at the Sumter Middle School. The EZ HOPE Center will be located at the Sumter Middle School. The EZ HOPE Center will be located at the Sumter Middle School.

Other Narrative

This is not a HOPWA initiative in the area per se. Nevertheless, the new EPICHA Inc. is one organization that got a grant from State Housing and private funds to purchase and refurbish a facility that will provide housing and supportive services for persons with HIV/AIDS. This facility can accommodate 22 live-in residents.

Special IUPWA Objectives

medicinal prescriptions by local volunteers and area service agencies. Support services are provided by local volunteers and area service agencies.

- The following partners always discuss and try to come up with new ideas and solutions in our annual Fair Housing event and at the annual Housing month event to eradicate the impediments which was identified.
- The housing industry which will be up and running within the next couple of years. This should greatly enhance employment opportunities in known industries such as the new hiring numbers and the economy is on a positive trend with the new hiring numbers and the themselves marketable for higher income jobs
 - Working with adult education, technical schools, and higher education facilities to form a partnership in training low-moderate citizens needed skill sets to make communities corresponding and conduct training
 - Increasing demand institutions involvement in mobility and low income households when financially feasible, in particular provided classes which feasible increase the affordable home ownership opportunities for low-moderate income individuals, and by conducting correspondence to neighborhood associations principals, housing activities and programs via lectures, newspaper ads, flyers, community meetings, and by establishing relationships with local media to ease or eradicate these impediments by:

All comments submitted by citizens, along with the City's responses and a summary of any action taken will be included in the Granite Performance Report (GPR).

Assessment of Performance. There will be a public notice to allow citizens and community organizations to access activities and submit comments on the Consolidated Plan Programs. This notice will be published in local newspapers or all aspects of the Annual Performance Report, Proposed Statements of Objectives, and Final Statements of 30 days prior to the start of planning for the next program year. Copies of the Annual Consolidated Plan Programs. This notice will be published in local newspapers or all aspects of the Annual Performance Report. All statements of objectives and final statements of performance will be distributed to all public hearings for public review. Copies and information concerning all activities will also be available at the Community Development Office located at 12 W. Liberty Street, Office H.

Community Involvement in the Consolidated Plan Process. There is no limit to the number of public notices in the local newspapers for citizen participation, and the public hearing process.

To insure that citizens are involved in the Consolidated Plan Programs, U.S. HUD requires a written plan to show how citizens will be involved in the due process of the assessment of Consolidated Plan Programs. (1) Planning, (2) Implementation, and (3)

The benefit of having a consolidated plan ensures a collaborative and comprehensive process to establish a unified vision for community development actions. Further, each of these goals must primarily benefit low- and very low-income persons.

- Expand economic opportunities
- Provide a suitable living environment, and
- Provide decent housing

The law's requirement of the grant programs established three basic goals. They are as:

As "the Consolidated Plan Programs," opportunities within the Citizens Participation Plan, "CDBG Programs" are now referred to as "the Consolidated Plan Programs." Opportunities for Persons with AIDS (HOPWA). As such, to implement the four consolidated programs within the City of Sumter, Emergency Shelter Grants (ESCs), and Housing Choice Vouchers (HOME), Emergency Shelter Grants (ESCs), and HOME consolidated plan are: Community Development Block Grant (CDBG), HOME application and development and housing programs. The new plan replaced all individual applications with a single submission. This new plan will affect all individuals applying for the City of Sumter to develop a consolidated plan allowing all of its community needs to be met. The City of Sumter to develop a consolidated plan will affect all of its community needs to be met. Beginning in 1994, the U.S. Department of Housing and Urban Development (HUD)

Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0042), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the Awarding Agency. Further, certain Federal assistance awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, the right to examine all records, books, papers, or documents related to the assistance; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will not dispose of, modify the use of, or change the terms of the real property title or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal awarding agency directives and will include a covenant in the title of real property acquired in whole or in part with Federal assistance funds to assure non-discrimination during the useful life of the project.
4. Will comply with the requirements of the assistance awarding agency with regard to the drafting, review and approval of construction plans and specifications.
5. Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progressive reports and such other information as may be required by the assistance awarding agency or State.
6. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
7. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
8. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards of merit systems for programs funded under one of the 18 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
9. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
10. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681, 1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975 as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-618), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1944 (42 U.S.C. §§280 dd-3 and 280 ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see *Optional CDBG Certification*).

2. **Overall Benefit.** The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2019, 2020 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. **Special Assessments.** It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

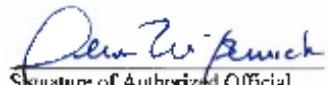

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

Emergency Solutions Grants Certifications

The Emergency Solutions Grants Program recipient certifies that:

Major rehabilitation/conversion/renovation – If an emergency shelter's rehabilitation costs exceed 75 percent of the value of the building before rehabilitation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed rehabilitation.

If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed conversion.

In all other cases where ESG funds are used for renovation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 3 years after the date the building is first occupied by a homeless individual or family after the completed renovation.

Essential Services and Operating Costs – In the case of assistance involving shelter operations or essential services related to street outreach or emergency shelter, the recipient will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure, so long the recipient serves the same type of persons (e.g., families with children, unaccompanied youth, disabled individuals, or victims of domestic violence) or persons in the same geographic area.

Renovation – Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services – The recipient will assist homeless individuals in obtaining permanent housing, appropriate supportive services (including medical and mental health treatment, victim services, counseling, supervision, and other services essential for achieving independent living), and other Federal, State, local, and private assistance available for these individuals.

Matching Funds – The recipient will obtain matching amounts required under 24 CFR 576.201.

Confidentiality – The recipient has established and is implementing procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project, except with the written authorization of the person responsible for the operation of that shelter.

Homeless Persons Involvement – To the maximum extent practicable, the recipient will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, and operating facilities assisted under the ESG program, in providing services assisted under the ESG program, and in providing services for occupants of facilities assisted under the program.

Consolidated Plan – All activities the recipient undertakes with assistance under ESG are consistent with its consolidated plan.

Discharge Policy – The recipient will establish and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, mental health facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent this discharge from immediately resulting in homelessness for these persons.
